

NEWSLETTER

Dear NVPians,

Greetings to you all!

Welcome to the May Issue of NVP Newsletter!

First things first, we send our best wishes and prayers to students who have their examinations.

The month of May is blessed as we are observing the holy month of Ramazan. NVP, as always, is highly occupied with designing new opportunities that will enable our Volunteers to contribute for a social cause, close to their hearts and to leave a positive impact. The reward, satisfaction and pleasure will be immense as we relate these great social services to be performed in this prosperous month.

In case you were wondering, you don't have to wait for much longer as June is the month, our Summer Social Internship programme kicks off!

Warmest Regards,

Mehfooz Aleem

21st Volunteer Orientation Session & 14th Volunteer Appreciation Session

21st Volunteer Orientation and 14th Volunteer Appreciation session took place on 21st April. Dr. Hassan Nawaz Tahir employed at the Community Health Sciences - Public Health department of Aga Khan University Hospital, attended the session as a guest of honor. Hassan is leading a health campaign Asaan Health System.

About Asaan Health System

Asaan Health System (AHS) is a startup venture that envisions creating easily accessible, affordable health care. The focus of this venture is to create personalized medicine, bringing it to the masses in an easily accessible manner at a very low cost. The concept is to bring medical care out of the hospital and into the patients reach at their home.

AHS caters to the masses at large without discrimination on the basis of the expenditure the patient can afford to pay. From patient's perspective, they will be able to access validated, standardized health information on their phones free of cost. Names of leading mobile apps available at Google play store are

WHAT THEY SAY

Naeem Ud Din

Served as Special Subject Teacher at SMB Fatimah Jinnah School of Zindagi Trust

“Volunteering has been an amazing experience. To change the society we have to be self-sufficient. I realized that it is responsibility of all of us, to work together and help uplift these institutions. Those who belong to a privileged background should always come forward and play their role to shift a paradigm towards bringing our Education system into the need of current era. Working as Volunteer let me learn a lot about needs of society. All of this has been a humbling experience. I have learned more than what I taught.”

Anand Raj

Served as Mentor - TCF Rahbar Program

“It was an wonderful experience of TCF mentorship activity. We learn a meaning of life by comparing ourselves and our lifestyle with those who are studying with limited resources; this transforms us into a more compassionate and caring society. A way to gain such a dynamic exposure is only through a volunteer activity.”

Farina Sami

Served as Curriculum development associate at RLCC Rana Liaquat Craftsmen's Colony

“Working with RLCC was quite satisfactory. I tried to deliver my best and to redefine the syllabus and study curriculum. It felt me that there are still more changes that need to be made. Existing syllabus needs much improvement in it. All the analysis was formed into precise information and shared that with management of RLCC. Volunteering has always been a learning experience and I took this opportunity to learn about Curriculum development, review and evaluation.

Announcing SUMMER Social Internship Programme 2018

We have received a high number of applications from those who want to be part of NVP as a Social Intern. We extend our gratitude to all those who recently registered with us. The team is going through necessary scrutinizing of applications. All of this could have not been possible without support of Volunteers and Beneficiary Institutions.

Passionate volunteers serving as Invigilator examination

“Learning, Teaching, Monitoring and Supervising can be an insightful experience when you are Invigilator Examination”

Orientation of Volunteers at school

SMB Fatimah Jinnah School had their final examination in the month of March. NVP took a task to assign Volunteers to serve as Invigilator Examination. University students and individual consultants took part in the assignment and showed up their continuity for this two-week long assignment.
